

FAQ

Q: What is Omega Verksted?

A: Omega Verksted (OV) is a student workshop for hobby electronics and other projects. Members of OV can use our facilities and equipment, as well as buy components and snacks. Omega Verksted is also a student organization, consisting of a highly active group running the workshop (OV-Styret/The OV Board). Omega Verksted is a standalone organization and not a subgroup of Sct. Omega Broderskap.

Q: So Omega Verksted is the workshop for Electronics and Cybernetics students at NTNU?

A: Yes, but it's also open to anyone else.

Q: Who can become a member?

A: Anyone.

Q: What are the benefits of becoming a member?

A: All of this:

- Free coffee as long as you drink it at OV, otherwise cheap coffee to bring with you
- Access to buying from Omega Brus og Sjokolade (OBS), including frozen food, candy and various refreshments
- Access to buying components at reasonable prices
- Access to [tools, instruments and equipment](#) at the workshop
- Reduced prices for most Omega Verksted courses and events
- Lots of nice nerding and procrastination

Q: How do I become a member???

A: You pay a one-time membership fee of 200NOK. This will net you a lifetime membership of OV. In order to become a member, please visit Omega Verksted when open and contact a board member (just ask around to find one)

Q: When is OV open?

A: OV is open whenever someone from the board is present. You can visit omegav.no/door to see the current status of the door live, as well as statistics for the last day and month.

Q: Why are there always people at Omega Verksted?

A: A combination of lots of lovely people, an active social environment, free coffee, and everything you need in general results in many people preferring OV over their student dorms.

Q: How do I Solder?

A: See [How to Solder](#).

Q: How do I pay for food or components?

A: To buy things at OV you must be a member (see above). However, non-members can buy components (not food) for at least 50 NOK. This means you can either add something else to your order or pay extra for what you already have.

Q: Can Omega Verksted fix my tech/design my product/do this and that job for me?

A: In general Omega Verksted as an organization does not take on paid or unpaid jobs. Individual members of the board may decide to help you, possibly for a fee.

Q: Can I get a invoice for my organization?

A: Yes, organizations and companies can request an [Invoice Account](#). However, this is only available if the organization intends to do purchases at OV multiple times. If not, it is probably easier to pay as a member and get a refund from the organization/company.

Questions We Wish Were Asked More Frequently (QWWWAMF)

Q: Is it okay to leave my garbage lying around at Omega Verksted?

A: No.
